

NanoLove generates attraction and love between people.

It is distilled out of nanoflowers which are cultivated on the hair of the human armpit.

NanoLove is:

a nanofume (perfume on nano scale!)

scentless

created with pheromones

"NANO NU"

Opening 09.11.07 Exhibition 09.11.07 - 11.11.07

Vlaams Parlement - The Flemish Parliament
